Scavenger Hunt Cards

Ways to play with your cards:

- 1.) Print one sheet. Cut out the cards, and bring them with you to The Noguchi. Try to find the sculptures pictured on the cards in the museum.
- 2.) Play memory games, such as Concentration, with at least one other person. Directions for the game can be found on [this website](#).
- 3.) Play "I Spy." Which sculptures have circles? Rectangles? More than one shape?
- 4.) Pair two cards that look alike. What colors, shapes, and textures do they share? How are the sculptures different?
- 5.) Think of more creative ways to play with the cards, and email them to us to share other ideas.

* Please note that all sculptures may not be on view. Ask a guard if you have a question about a particular work.
